Vol. 2

Production Update:

As Summer shifts to Fall, we are about to shift phases as well on [Benavides Born](#). Thanks to the hard work of our Houston-based editor, Andrés Santamaria, we will very soon be locking picture on the film. That means the film is essentially put together from first to last shot. The next steps will be to enhance and perfect the film's audio at a professional sound facility and to finalize the film's appearance with color correction at a film and video lab.

We have also been busy assembling great music for the film with the help of our Music Supervisor, [Annette Fradera](#) (*Y tu mamá también*, *Rudo Y Cursi*, *Three Burials of Melquiades Estrada*), and our Composer, Kevin Afflack.

Cast Update:

Members of the *Benavides Born* cast are up to great things:

[Julio Cedillo](#), will be appearing opposite Harrison Ford, Daniel Craig and other stars in the upcoming Dreamworks SKG, Steven Spielberg/Brian Grazer/Ron Howard produced blockbuster [Cowboys and Aliens](#). Look for him in the role of "Bronc" when the film comes out.

[Jeremy Ray Valdez](#) has been cast in the new HBO hour drama, "All Signs Of Death". The show is produced by Academy and Emmy Award winning producer Alan Ball (*American Beauty*, *Six Feet Under*, *True Blood*). Jeremy also recently won the Imagen Award for Best Supporting Actor for his work in the film, *La Mission*. His co-nominees for the award were Jimmy Smits and Martin Sheen.

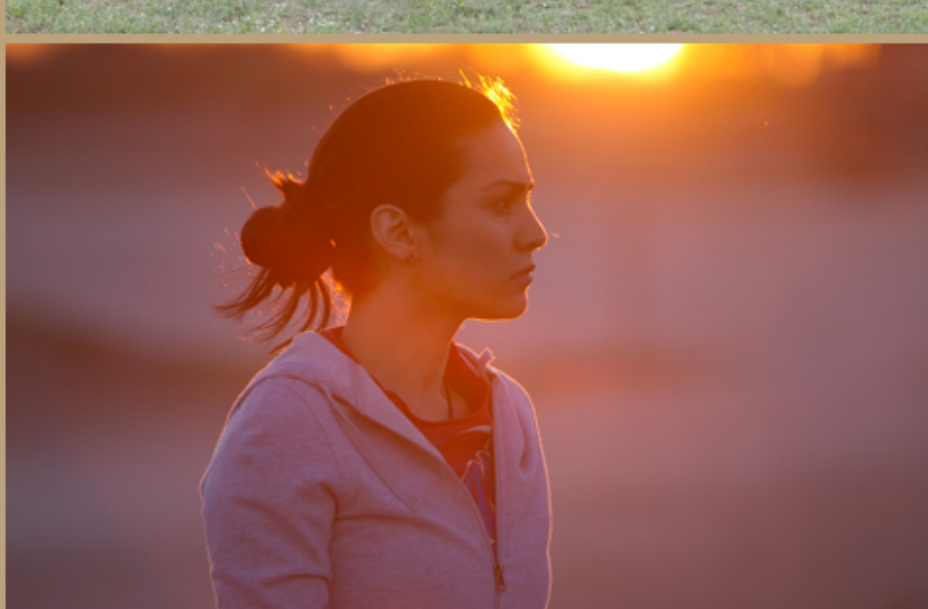

Release Update:

Our plan for *Benavides Born* continues to be a festival premiere followed by theatrical distribution and some form of DVD or Video On Demand release thereafter. We will be submitting the film this Fall to some of the highest profile festivals. Because those festivals tend to require a premiere, we cannot screen the film publicly until it appears in a festival – we hope in the Spring of 2011. We will certainly keep you posted on where you can see the film!

Eye Candy:

In the meantime, we have included a sneak peak at the film through some photos taken during production. You newsletter recipients are the first to see them!

We ask that rather than posting these pictures elsewhere, please encourage others to sign up for this newsletter at www.benavidesborn.com.

Stay tuned for information about the film's upcoming Facebook page!

Thank you for your interest!
